# AREAS OF EXPERTISE

## General Cargo

Being connected with a broad and diversified network of partners, Global Cargo Service is set to execute Europe-wide general cargo transports in procurement and distribution.

## Airfreight

Our experts are ready to find a fast and flexible solution to ship your goods by air from and to the main airports worldwide.

## Sea freight

You can also count on us to handle all kinds of sea freight operations. We can assist you throughout the entire process, from acceptance ex works, through seaworthy packaging of your goods and the preparation of documents, right up to punctual delivery.

# AREAS OF EXPERTISE

## Warehousing

We provide customers with a self-owned warehouse with 2000m<sup>2</sup> space and a pallet rack holding up to 1000 pallets at 6 to. max weight per field. The facility is equipped with digital real time view into a web-portal for customers to monitor their cargo whenever they wish.

## Customs Clearance

From document preparation to customs clearance of your goods for free circulation, we help you to overcome the customs borders of this world quickly and easily.

## Packaging

Global Cargo Service GmbH organizes not only the transport, but also the necessary packaging to get your goods on their way safely and on time. Packaging designed by us complies with the HPE standard and, of course, with IPPC regulations.

# AREAS OF EXPERTISE

## Oversized Transports

Nationally and internationally, we offer you solutions for the entire range of heavy and special transports, including the necessary transport permits and support.

## Express Freight

Through our express freight service, we ensure your goods will arrive safely and on time, even in the event of an enormous tight deadline.

## Partial and full loads

We handle national and international part and full loads flexibly and reliably. Through our extensive network, we have access to several hundred units that can also transport cargo across Europe on your behalf.
